#### **General Instructions for All Applications**

1. **A complete application is due to the Town Clerk no later than 5:00 p.m. 28 days prior to the Plan Commission meeting at which the matter will be considered. A period of less than 28 days may be approved by the Town Zoning Administrator at his sole discretion, but the period shall not be less than 7 days prior to the Plan Commission meeting at which the matter will be considered.**

The Plan Commission holds its regularly scheduled meetings the second Wednesday of each month at the Town Hall. The complete application will only be accepted by the Town Clerk during normal business hours between 8:30 a.m. and 4:00 p.m. Mondays & Wednesdays, and by appointment by calling 262-284-5235. Submittal of any application or part of any application will not be accepted if submitted to the Town Clerk after deadline, beyond normal business hours, or incomplete.

2. **A complete application consists of the:**
  - a. This Form 1
  - b. Application forms for the desired request(s).
  - c. **All** information, documents, plans and drawings as listed in Form 1 and the specific application form(s).
  - d. Signed Escrow Fee Form. Proper Town application fee and escrow payment made out to the Town of Port Washington.

**Please note, an incomplete application and/or insufficient escrow payment will not be scheduled for review, and will delay any review. A complete application will be verified by the Town Clerk and/or Town Planner within five (5) working days of submittal.**

3. Prior to any application, the applicant is **strongly encouraged** to obtain a copy of the Zoning and Subdivision Ordinance from the Town Clerk at a cost of \$25.00, or download the ordinance at [www.co.ozaukee.wi.us/TownPort/](http://www.co.ozaukee.wi.us/TownPort/). Please review the entire Zoning and Subdivision Ordinance for all regulations pertaining to your application.
4. Prior to any application, the applicant is strongly encouraged to discuss the application in a consult with the Town Building Inspector/Zoning Administrator and/or Town Planner, of which the Town is responsible for the first half hour (1/2) of consult time. If additional time is needed, or a consult with the Town Engineer is desired, the applicant is responsible for fees incurred whether by phone or in person meeting, when requested by the applicant.
5. Prior to an application, the applicant is encouraged to request a pre-application conference with the Plan Commission, with a fee of \$250. A pre-application may be requested as many times as necessary, with payment of the fee with each Plan Commission review. Materials to be submitted for a pre-application conference with the Plan Commission includes the fee, 14 copies of a letter describing the proposal, and 14 copies of the concept plan. Complete submittal is due to the Town Clerk 28 days prior to the Plan Commission meeting.
6. If the Town Clerk, Building Inspector/Zoning Administrator, Town Attorney, Planner or Engineer acting on behalf of the Town finds, at any point after submittal of the application, that the application submittal is not complete or lacks compliance with the minimum requirements of the Zoning and Subdivision Ordinance, the application will not be scheduled for review by the Plan Commission. The applicant must resubmit a complete application for review by the Plan Commission. See the appropriate form for timeframe requirements.
7. The Town uses a format of a First and Second Consideration for most applications occurring at separate meetings. The Plan Commission typically meets on the second Wednesday of each month. The Town Board normally meets on the first Monday of each month.

## ESCROW FORM

### RE: APPLICANT CHARGES FOR TOWN PLANNING, ENGINEERING, AND RELATED SERVICES

You requested the Town of Port Washington take action regarding real estate owned by you or in which you have an interest. Your request may require that the Town of Port Washington engage the services of land use planners, engineers, attorneys, and/or other professional consultants to research, review and advise the Town regarding your request. Chapter 183 Article I of the Town Code requires you to pay the reasonable and necessary charges associated with the professional services.

To cover anticipated costs upfront, the Town of Port Washington requires that each applicant submit a fee to be placed in an escrow account in accordance with the attached schedule. A \$250 application fee and the proper escrow payment to the Town is required for each separate application and re-submittal of plans. The professional charges are billed at the range of rates shown below. **These charges are your responsibility, and are in addition to any other fees or costs payable by you for your requested actions. Your charges will be taken from your escrow account. If the charges exceed the upfront escrow payment, you will be billed monthly for all accrued costs, or asked to increase the escrow account. If the charges are less than the submitted escrow, you will be reimbursed the difference by the Town after final action regarding your request.**

Clarification of the estimate of charges for professional planning and engineering services (Tables 1 and 2) provided to the Town for your application may be obtained in advance by contacting the Town Clerk for the Town of Port Washington, Jennifer Schlenvogt (262) 284-5235, or Town Building Inspector/Zoning Administrator, Rick Fellenz (262) 284-0509.

You are recommended to have a pre-application consultation with the Town Building Inspector/Zoning Administrator and/or Town Planner. The first 30 minutes of time for the consultation is paid for by the Town. Subsequent charges are billed by Town Building Inspector/Zoning Administrator and/or Town Planner to the Town, and then billed by the Town to the applicant or reduces the escrow. Examples of charges by the Town Building Inspector/Zoning Administrator, Town Planner or Town Engineer includes: site visits (including travel to and from the property), reviewing the application and accompanying materials, writing the report for Plan Commission meetings, and time spent on considering the application at Plan Commission meetings. **To expedite the review process and keep fees to a minimum, applicants are recommended to submit complete applications in accordance with Chapter 340 of the Town Code.**

You have the right to engage consultants of your own choosing, at your own expense, to assist you in presenting your application(s) and/or request(s) to the Town of Port Washington. However, the Town, per Chapter 183 Article I of the Town Code, still retains the right to engage professional services to review the work of your consultants and to bill you for their services.

## Town of Port Washington Developer Costs

### 1. Construction Inspection

All construction shall be inspected by the Town Engineer or his designee and paid for by the developer. Budget amounts used by the developer in preparation of their letter of credit shall be within the following range. The Town will not bill a developer for inspection costs in excess of the high estimate figure without submitting a complete breakdown of the costs and a documentation of why the limit was exceeded.

Actual costs are based on the speed and efficiency of the developer, contractor, developer's engineer, weather and ground conditions in effect during construction. Historically, the actual costs typically range between the low and medium estimates, usually closer to the low estimate. The high estimate for inspection costs rarely occurs.

Estimated Construction Costs	Inspection Cost Low Estimate		Inspection Cost Medium Estimate		Inspection Cost High Estimate	
\$40,000	\$2,900	7.25%	\$4,400	11.00%	\$5,900	14.75%
